	Nama Aplikasi : Fashionista Boutique		
	Software Usability Measurement Inventory (SUMI)		
	Choose to agree or disagree with the statements below when using the software		
No.	Statements	Agree	Disagree
1	This software responds too slowly to inputs.		
2	I would recommend this software to my colleagues.	✓	
3	The instructions and prompts are helpful.	✓	
4	This software has at some time stopped unexpectedly.		✓
5	Learning to operate this software initially is full of problems.		✓
6	I sometimes don't know what to do next with this software.		✓
7	I enjoy the time I spend using this software.		✓
8	I find that the help information given by this software is not very useful.		✓
9	If this software stops it is not easy to restart it.		✓
10	It takes too long to learn the software functions.		✓
11	I sometimes wonder if I am using the right function.	✓	
12	Working with this software is satisfying.	✓	
13	The way that system information is presented is clear and understandable.	✓	
14	I feel safer if I use only a few familiar functions.	✓	
15	The software documentation is very informative.	✓	
16	This software seems to disrupt the way I normally like to arrange my work.	✓	
17	Working with this software is mentally stimulating.		✓
18	There is never enough information on the screen when it's needed.		✓
19	I feel in command of this software when I am using it.	✓	
20	I prefer to stick to the functions that I know best.	✓	
21	I think this software is inconsistent.		✓
22	I would not like to use this software every day.		✓
23	I can understand and act on the information provided by this software.	✓	
24	This software is awkward when I want to do something which is not standard.		✓
25	There is too much to read before you can use the software.		✓
26	Tasks can be performed in a straight forward manner using this software.		✓
27	Using this software is frustrating.		✓
28	The software has helped me overcome any problems I have had in using it.	✓	
29	The speed of this software is fast enough.	✓	
30	I keep having to go back to look at the guides.		✓
31	It is obvious that user needs have been fully taken into consideration.	✓	
32	There have been times in using this software when I have felt quite tense.		✓
33	The organisation of the menus seems quite logical.	✓	
34	The software allows the user to be economic of keystrokes.		✓
35	Learning how to use new functions is difficult.		✓
36	There are too many steps required to get something to work.	✓	
37	I think this software has sometimes given me a headache.		✓
38	Error messages are not adequate.		✓
39	It is easy to make the software do exactly what you want.	✓	
40	I will never learn to use all that is offered in this software.		✓
41	The software hasn't always done what I was expecting.	✓	
42	The software presents itself in a very attractive way.	✓	
43	Either the amount or quality of the help information varies across the system.	✓	
44	It is relatively easy to move from one part of a task to another.	✓	
45	It is easy to forget how to do things with this software.	✓	

46	This software occasionally behaves in a way which can't be understood.		✓
47	This software is really very awkward.		✓
48	It is easy to see at a glance what the options are at each stage.	✓	
49	Getting data files in and out of the system is not easy.		✓
50	I have to look for assistance most times when I use this software.		✓
